## ANSWER

### 13 points or less--THE INVINCIBLES

When you walk (or fly) down the hallway, the others students step aside! You are cunning and confident, with the talent to back it up. But be forewarned! Using your powers for personal gain only attracts others into your circle wishing to do likewise. And remember: pride leads to downfall!

### 14 to 21 points--TEAM MANGA

The pursuit of perfection in mind, body, and spirit is your only purpose! You are a warrior-poet whose heritage stretches back generations. Steeped in honor and tradition, your fighting techniques are practiced by many, but mastered by few. However, beware! Your inflexible approach to battle tends to leave you open to unconventional attacks.

### 22 to 30 points--THE OUTLAWS

Your hard work, forethought, and determination often leave you in the winner's circle. You are a rebel who looks beyond the surface and excels at overcoming seemingly impossible odds. But fear and self-doubt are ever thorns in your side. Be sure to remember you have friends to help see you through the tough times.
